

All Provinces, and Territories, except Quebec, have entered an agreement to pay for insured services provided to residents of other provinces when a patient presents with a valid Provincial Health Registration Card. There are some services excluded under the Inter-Provincial Agreements as per the MSC Payment Schedule Preamble C. 11 regarding Reciprocal Claims.

Claims for GPSC fees must first meet the GPSC Preamble and fee criteria and may then be billed through the MSP claims system (with the exception of Quebec) as follows:
