Dear Minister Dix,

Thank you for your dedication and service during your tenure as minister of health. Over the past six years, you have led British Columbia through some of the most challenging times in recent memory, including a global pandemic that tested the resilience of our health care system.

Your commitment to improving health care for British Columbians is appreciated. From the creation of the Longitudinal Family Physician Payment Model to your efforts to address critical issues in primary care, you have strengthened our health care system, ensuring better care for patients.

We recognize the immense demands of your role and the complexity of the challenges you faced. Please know that your work has had a significant impact on family doctors and the patients we serve.

As you move forward, we wish you every success in your continued service to British Columbians. Thank you again for your dedication and leadership.

Sincerely,
