

COUNCIL ON HEALTH ECONOMICS AND POLICY (CHEP)
REPRESENTATIVE

BC Family Doctors celebrates and encourages diversity and is committed to creating an inclusive environment. We invite you to provide any information you are comfortable with sharing to assist us in promoting inclusion.

Mandate and Responsibilities

Under the guidance and approval of the Doctors of BC Board of Directors (Board), the Council on Health Economics and Policy (CHEP):

- Directs the activities of Doctors of BC concerned with the assessment and formulation of policy options relating to the economics, organization, and management of the health care system.
- Seeks consensus within the medical profession on key policy and economic issues.
- Assists Doctors of BC in creating a more effective dialogue with all levels of government so as to ensure that the voice of the profession is heard at the federal, provincial, and inter-provincial levels.
- Encourages the development of “strategic alliances” with other provincial and national bodies as appropriate or required in areas of provincial or national concern and interest.

CHEP’s main function is to assess and develop fiscal, resource and program policies and position statements on a variety of issues for Doctors of BC. The Council is supported by the Vice President, Policy and Planning, and reports directly to the Doctors of BC Board.

The Council consists of a representative of BC Family Doctors, one representative from the Consultant Specialists of BC, eight members at large, and a Chair.
